Theory of Change - 100 Million Healthier Lives

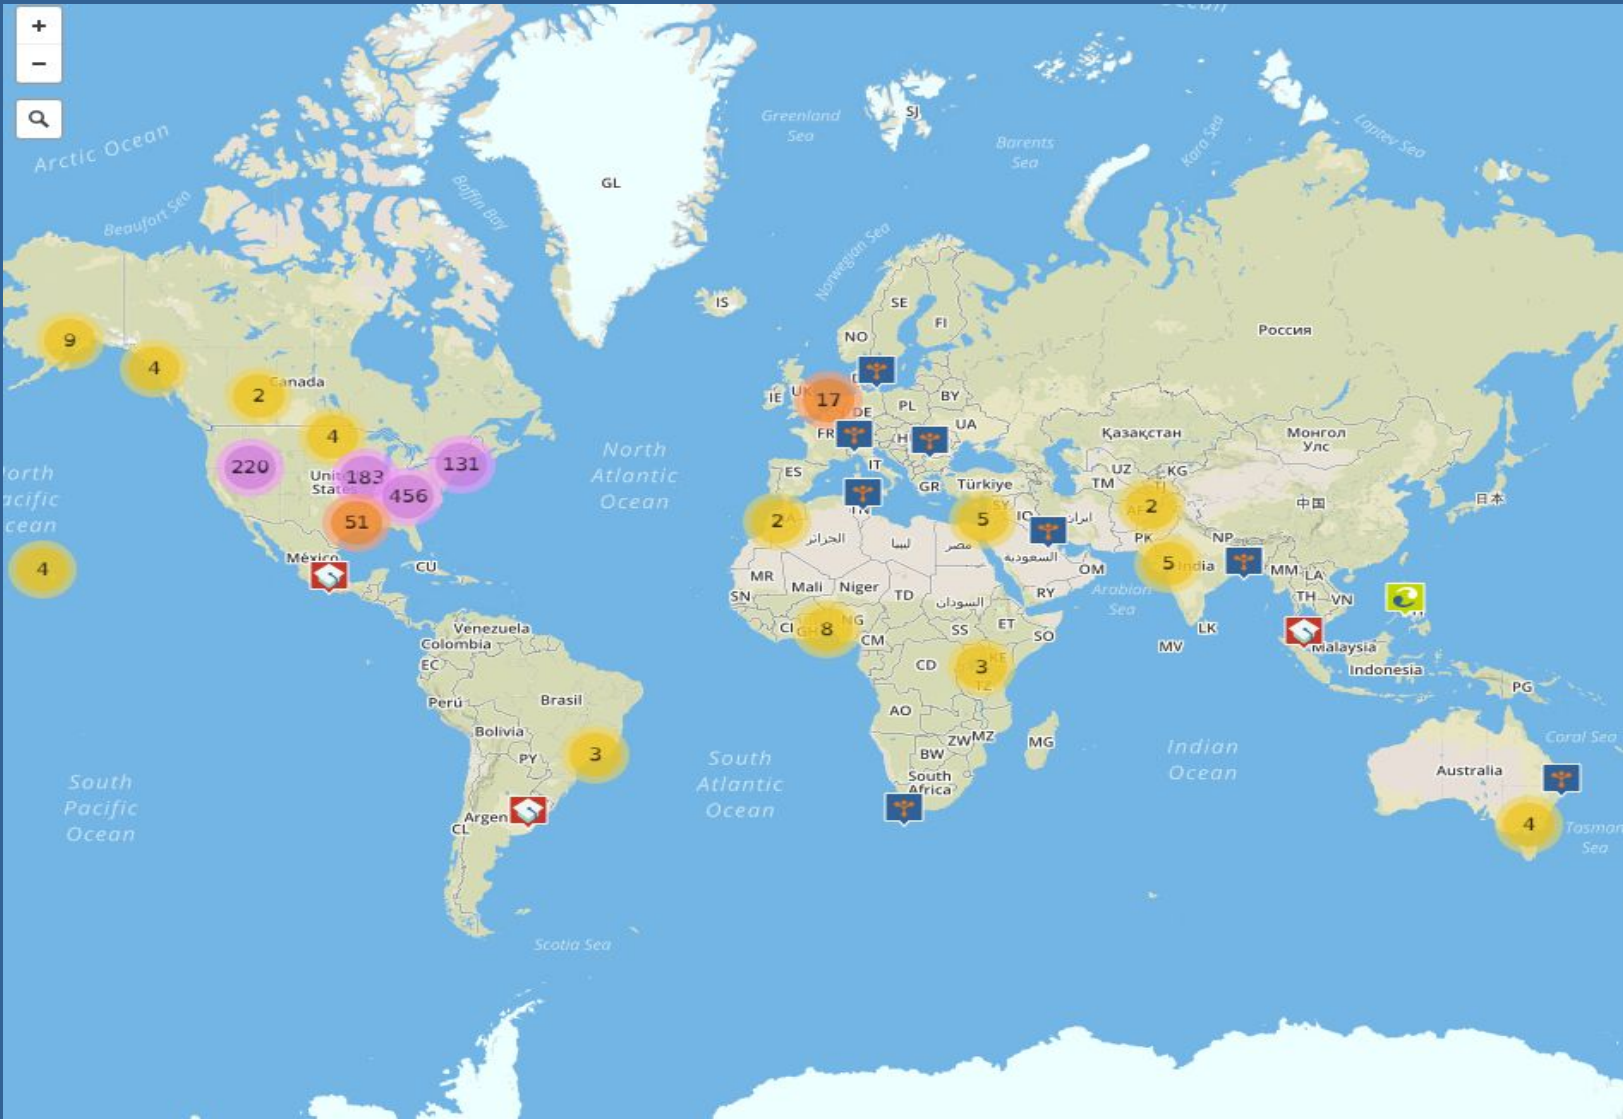

6 Core Strategies

1. Develop healthy, equitable communities
2. Create bridges between health care, community public health and social sector
3. Create a health care system that is good at health and good at care
4. Scale up people powered health and peer to peer supports
5. Develop new culture and mindsets
6. Create enabling conditions

Building the movement: >830 members in 15+ countries worldwide who have adopted the challenge of improving 100 million lives by 2020

100 Million Healthier Lives Metrics that Matter Wizard

from IP3 PRO 1 week ago ALL AUDIENCES

This is a preview of the 100 Million Healthier Lives Metrics that Matter Wizard and Measures Dashboard

People centered internet could help us with

8

Direct health improvement

- Direct support of people powered health and peer to peer supports
- Integration of passive and active data related to health and wellbeing into population health platforms in a way that allows us to be predictive
- Data integration across sectors

Connecting infrastructure

- Make the work visible
- Make it easy for the work to be measurable, meaningful and integrated across people and sectors
- Global innovation exchange – bright spot library

100 Million
Healthier Lives
